### Patricia Bobo

Patricia@MississippiEarly.com

Patricia has more than 20 years experience in Head Start, EHS, and community service agencies as a program administrator. She has served at the grantee and delegate levels, support to Regional Office staff on the Federal Monitoring Review System, and the Regional T/TA as a grantee specialist. Patricia's area of expertise includes system-services integration, data analysis, risk assessment & mitigation, and every aspect of program design & management.

### Janice Stephens

Janice@MississippiEarly.com

Janice served as comptroller in a multi-funded Head Start program before becoming a full-time consultant to Head Start agencies. She served as the Co-Coordinator for the Fiscal Consultant Initiative at the National Center on Program Management & Fiscal Operations (NCPMFO). She worked collaboratively with Regional Office Staff and TTA Networks in strengthening fiscal management systems.

## Aligned Monitoring System 2.0

**Are you prepared for  
your Focus Area 2  
Review?**

**Grantee Training &  
Technical Assistance**

**MISSISSIPPI EARLY**

## An Opportunity to Tell Your Story

*No more .....*

- ⇒ interrogative interviews!
- ⇒ audit-like reviews!
- ⇒ individual review events!
- ⇒ large review teams!

So, how do you prepare for this new review process?

*We will show you how to use your data to showcase:*

- ⇒ Quality Performance
- ⇒ Data-driven decisions
- ⇒ Community Impact

We'll guide you through each protocol section to ensure you are prepared to tell **YOUR STORY**

- ⇒ Program design & management
- ⇒ Education & child development services
- ⇒ Health program services
- ⇒ Family & community engagement services
- ⇒ Fiscal Infrastructure
- ⇒ ERSEA

**MISSISSIPPI EARLY**

Participants will learn how to:

Manage those conversations with the review team.

Demonstrate your data is used on a daily basis and drives program decision.

Guide the document review and explorations.

**MISSISSIPPI EARLY**

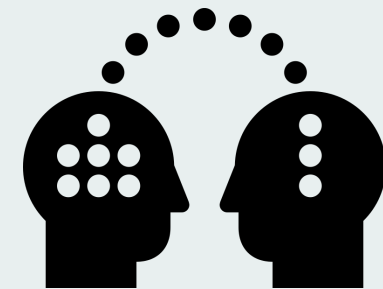

This training will walk you through each step of the Focus Area 2 process and provide tips to increase your knowledge base.

*Pre-site prep*

*Onsite flow of events*

*Review methodology*

*Final report*
